

## *Welcome to Buena Vista Cemetery Murphys, CA*

**Buena Vista Cemetery** is located on Cemetery Lane off Jones Street in Murphys, CA. The cemetery has grave sites dating back to the early years of the Gold Rush era with the earliest known burial there in June of 1855. The older sections of the cemetery have many large and ornate monuments adorning the graves. There are also very simple concrete slabs and wood markers. Sadly, many older graves were given no marker and their location is not known.

In the earlier years few official burial records were kept by cemetery trustees. There are burial permits dating back to the late nineteen sixties. In 2010 the Murphys Cemetery District Trustees began compiling complete records of all known and new burials in the cemetery, including locations. This data base lists the place of burial within the cemetery and records name, age, sex, and date of burial. A map of the cemetery plots has been prepared which will help locate grave sites.

Burials from earlier years are identified by various methods: old newspaper obituaries, mortuary records, information on grave markers and other historical records. The data base of earlier burials will have all available information listed although some information may be missing. There are very fragmentary, unofficial records for the years starting in 1855, reconstructed from a variety of primary sources, including grave marker inscriptions, newspapers, funeral home archives, death certificates, church parish registers, and oral history.

If we don't have a record of burial for your ancestor, they may in fact be buried here and we don't know about it. People can confirm interment by doing one of two things: (1) find corroborating evidence of burial in our cemetery through another primary source (e.g., death certificate, newspaper obituary, family Bible, etc.), or (2) eliminate the possibility of the person being buried anywhere else.

Information is always being collected about people buried in our cemetery from descendants, relatives, genealogists, and researchers. If you can help improve our records in any way, please contact us. Even the smallest, most seemingly insignificant details can be invaluable "pieces of the puzzle".

Limited genealogical research on burials in Buena Vista Cemetery, as well as other cemeteries in Calaveras County, can be requested by going online to [calaverasgenealogy.com](http://calaverasgenealogy.com) and filling out the request form on that site, or by sending an email to [calaverasgenealogy@yahoo.com](mailto:calaverasgenealogy@yahoo.com).

## **GOVERNING BODY**

The Murphys Cemetery District was formed July 7, 1930 by an order of the Calaveras County Supervisors. The Cemetery District is a Special District of Calaveras County and is governed by a legislative body of five members known as the Murphys Cemetery District Board of Trustees who are appointed by the Calaveras County Board of Supervisors. The responsibility of the Board of Trustees is to establish policies for the operation of the district. There is currently one cemetery in the Murphys Cemetery District, Buena Vista Cemetery.

The Board of Trustees shall provide for the faithful implementation of those policies which are the responsibility of any employees of the district.

The Cemetery District Trustees shall have the custody and keeping of the original and official cemetery records of plots, conveyances, interment right owners and interments in the district cemeteries and shall keep an official map of the cemeteries. The trustees, or their designee, shall collect and account for cemetery funds from the sale of interment rights.

The district's boundaries are extensive and go from the Alpine County line down to above Vallecito and follows part of the Mokelumne River on one side as well as following the Stanislaus River on the other side. The district's boundary also goes partway down the Murphys Grade Road as well as part of French Gulch Road. The map of the cemetery district boundary is available on the Calaveras County website at [co.calaveras.ca.us](http://co.calaveras.ca.us)

## MURPHYS CEMETERY DISTRICT POLICIES

The Policies and Procedures contained in this section are made for the mutual protection and benefit of the interment right owners and the Cemetery. These Policies and Procedures may limit actions which would interfere with the rights of others, as well as require or encourage actions to preserve and enhance the general scheme and beauty of the property. No policy has been adopted except as is necessary to preserve the rights of all for whom the Board of Trustees considers itself responsible. All plots are subject to all the Policies and Procedures governing the Buena Vista Cemetery

Specific cases may arise in which literal enforcement of a rule may impose unnecessary hardship so the Cemetery District Trustees shall have the right to make exceptions from the rules when deemed advisable for the best interest of the District or an owner of interment rights. Such exceptions shall not be considered as rescinding or waiving any of these rules. Any waiver that may be made by the Murphys Cemetery District Board of Trustees shall not be or considered to be a continuing waiver and shall not bar the Cemetery District from enforcing the usual policies and procedures at any later time it may desire so to do.

For your safety, and for the safety of all, we ask you to follow this summary of Policies and Procedures and any Amendments, Rules or Ordinances which shall be adopted and/or revised from time to time. Please share this information with family members to offset any future confusion. These rules will be strictly enforced.

Your cooperation will be greatly appreciated

***These Policies and Procedures may be changed or amended without notice at any time by the Board of Trustees, and will be so changed and amended when any rule is found to be detrimental to the best interests of the owners of interment plots as a whole or as determined necessary to comply with current law.***

### Eligibility to Purchase Internment Rights in a Cemetery Plot

Public cemetery districts are funded by property tax money and offer burial services to persons who are residents of the district and to eligible nonresidents of the district, as provided in this chapter, or persons who are immediate family members of any person described in this subdivision. Exceptions may be granted by Cemetery District Trustees.

#### **Residents of Murphys Cemetery District:**

At the time of death of a resident of the Murphys Cemetery District, up to four (4) 5'x10' burials plots or four (4) 5'x5' cremain plots may be purchased for burial of the deceased and for the interment of family members of the deceased person in the future.

#### **Eligible Non-residents include:**

- Deceased persons who lived or paid property taxes in the Murphys Cemetery District continuously for at least five years, part of which was in the last ten years before death, and that also have a written request from a current property tax paying resident that they should be allowed to be interred in the District Cemetery.
- Deceased persons who are immediate family members of a person already interred in the District, or who are immediate family members of a person who owns interment rights to a plot in the District, and that have rights to burial in that plot.

At the time of death of a eligible non-resident of the Murphys Cemetery District, up to four (4) 5'x10' burials plots or four (4) 5'x5' cremain plots may be purchased for burial of the deceased and for the interment of family members of the deceased person in the future.

A non-resident fee applies to anyone who is eligible but is not a resident of the district at the time of death. Please be prepared to provide reasonable evidence of eligibility when you arrange to purchase interment rights.

## **Pre-Need Plot Purchase**

Subject to certain requirements on continued residency in the Murphys Cemetery District\*, interment rights can be purchased “Pre-need” by property owners who are also residents of the district, to simplify matters during later, more difficult times, as well as to lock-in current costs both on lot prices and endowment care fees.

- District residents, who are also property owners in the Murphys Cemetery District at the time of purchase, may purchase Pre-Need interment rights of up to two (2) full size 5’ X 10’ plots.
- District residents, that are not property owners in the Murphys Cemetery District, to be eligible to purchase Pre-Need interment rights must have paid property tax in the Murphys Cemetery District continuously for at least five years, part of which was in the last ten years before purchase. This would make them eligible to purchase Pre-Need interment rights of up to two full size 5 X 10 plots.
- Non-residents of the Murphys Cemetery District, even if currently paying property tax in the District, are not eligible to purchase Pre-Need interment rights. At the time of an eligible non-residents death, the person making burial arrangements can purchase interment rights for the deceased person to be interred in Buena Vista Cemetery. A non-resident fee applies to anyone who is eligible but is not a resident of the district at the time of death.

*\* Within ten (10) years of the purchase date, a burial must be made into a plot where the interment rights were purchased Pre-Need, or the plots will revert back to the Murphys Cemetery District, unless the District renews the interment rights. If, at the end of any ten year term, the person(s) who purchased the interment rights does not reside in the Murphys Cemetery District and have not paid property taxes in the District for a continuous five year period during those immediately preceding ten years, the plot will revert back to the Murphys Cemetery District, with the purchaser receiving their original purchase price, minus the Endowment Care Fund Fee. The cost of any improvements done to the plot will not be reimbursed.*

The Trustees shall endeavor to determine the legal next of kin, but the Trustees shall not be held responsible for failure to do so. The Trustees shall not be responsible for activities authorized by persons falsely representing themselves as next of kin
- If interment rights in a plot are held jointly, authorization for interment will be granted to either of the owners or to the heirs. An agreement may be made between common owners regarding the right of burial, but the Trustees will not undertake to enforce such an agreement
- Plots are intended as a family burial place of the purchaser. The family making the purchase may permit the interment in a plot of a non-member of the family, but a later heir cannot permit an interment of a non-family member except by unanimous consent of all owners.
